§ 316.8 Exemptions.

Section 5 U.S.C. 552a (3)(j) and (3)(k) authorize an agency head to exempt certain systems of records or parts of certain systems of records from some of the requirements of the act. This part reserves to the Director, DISA, as head of an agency, the right to create exemptions pursuant to the exemption provisions of the act. All systems of records maintained by DISA shall be exempt from the requirements of 5 U.S.C. 552a (d) pursuant to 5 U.S.C. 552a(3)(k)(1) to the extent that the system contains any information properly classified under Executive Order 11652, "Classification and Declassification of National Security Information and Material," dated March 8, 1972 (37 FR 10053, May 19, 1972) and which is required by the executive order to be kept secret in the interest of national defense or foreign policy. This exemption, which may be applicable to parts of all systems of records, is necessary because certain record systems not otherwise specifically designated for exemptions may contain isolated information which has been properly classified.
